

Avoidable Deaths Network

Avoidable Deaths Network's Autumn - Winter 2025 Bulletin

The Avoidable Deaths Network (ADN) is pleased to announce the upcoming events, which will be held in different countries, across the globe and through the Autumn-Winter season.

There are two types of events: closed and open. The closed events are facilitated for closed audiences or participants. The participants are, generally speaking, policymakers, NGOs and first responders involved in risk, crisis, disasters and development activities in low-and middle-income countries, and sometimes for the ADN members only. The open events are facilitated for the general public, ADN's Affiliates and Partners. These Sessions are suitable for disaster responders, students, academics, researchers, policymakers, opinion formers, and practitioners interested in avoidable deaths, the UN's Sendai Framework for Disaster Risk Reduction's Global Targets A and B, and the Sustainable Development Goals.

The details of the upcoming events for the Autumn-Winter 2025 season are below.

Upcoming Events:

25 September 2025 – Norio Okada Distinguished Implementation Science Award 2025

Professor Nibedita Ray-Bennett and Dr Hideyuki Shiroshita have been awarded the prestigious Integrated Disaster Risk Management's "Norio Okada Distinguished Implementation Science Award 2025".

13 October 2025 – Release of the ADN Junior Champion Magazine

The ADN's Junior Champion Magazine (ISSN 2759-0380) volume 4 will be launched on 13 October 2025 to mark the International Day for Disaster Risk Reduction. This volume features the stories of youths and teachers from Taiwan. To register for the launch event, please click [here](#). To read about the summary of the Magazine published on the UNDRR Prevention Webpage, please click [here](#).

8 - 10 December 2025 – Online Continuing Professional Development Course

K2 Resilience, in collaboration with ADN, will be running an online Continuing Professional Development Course titled "Disaster Resilience, Disaster Deaths and Creative Methodology for Risk Reduction" from 8 to 10 December 2025. To register, please click [here](#).

11 December 2025 – Special Session Webinar on 'Post COP30: Implementation to Implication for DRR' by UNDRR

Dr Animesh Kumar, Head of the UNDRR Office in Bonn, will deliver a special lecture on 11 December at 2:00 PM (GMT). The webinar will be livestreamed.

12 December 2025 – ADN Annual General Meeting

The ADN's Annual General Meeting will be held on 12 December 2025 at 2.0 PM (GMT) to discuss the annual progress, future plans and monitoring, evaluation and learning framework for the global campaign
